## COATED RIGID STEEL CONDUIT, NIPPLES, ELBOWS & COUPLINGS

Cal Pipe has been manufacturing, distributing and selling electrical conduit and conduit fittings to the electrical industry since 1986. Cal Pipe's conduit line, now manufactured and distributed under its **CAL CONDUIT PRODUCTS** division, has grown to include an exclusive group of branded, UL Listed or UL Compliant products, each top of their line in providing the most value for cost.

We are pleased to offer to you our **Calbond™** PPA & PVC Coated line of Galvanized Rigid Steel Electrical Conduit, Nipples, Elbows, & Couplings.

Our mission is to offer great products to our customers and aggressively pursue faster and more efficient techniques to broaden our products and to constantly strive to improve the cost and quality of these products to pass on to you.

**Cal Conduit Products** is a UL Listed manufacturer of electrical conduit and conduit fittings.

Our Los Angeles and Downey, California, and Hammond, Indiana facilities use the most timely and efficient methods to manufacture, stock and ship your orders.
